

K-ONNECTED TO FREEDOM

QUICK START MANUAL

Model 2022-3-1

March 2022

**K-IP.FR
API-K.COM**

Download the K-IP app by scanning the QR below, or by typing "K-IP" in the search bar of your app store.

App Store

Google Play

- Follow the instructions in the app to create an account.

You will receive an email with a code, which will be entered on the app.

- Add your K-IP to your account. When asked, scan the QR code on the back of your K-IP, then type the activation code present in your packaging.

LED LIGHT INDICATIONS

COLOR	FREQUENCY	STATUS
BLUE	every 3 seconds	ON, normal activity mode
	every 10 seconds	Automatic standby mode
RED x3 clignotements	every 3 seconds	Distresse alert activated
BLUE PURPLE intermittence	every 3 seconds or 10 seconds	Low battery (<25%)
PURPLE x4 clignotements	when pressing the button	Battery completely drainex
WHITE	LED on	K-IP plugged in and charging
no light	-	K-IP OFF If plugged in, then battery charged to 100%

AUTOMATIC STANDBY MODE

In order to preserve its battery, the K-IP activates the "automatic standby mode" when it does not move for 5 minutes. When it is in this mode, the beacon does not update its GPS coordinates.

Wake it up by shaking it. And you are ready to go !

ACTIVATE A DISTRESS ALERT

In LIFELINEmode, notify your loved ones if you are in distress.

In INCOGNITO mode, notify your favorite loved ones if you are in distress.

Warning:

- Distress alerts are only sent to loved one under the conditions mentioned above, they are not automatically relayed to rescue teams.

CANCEL A DISTRESS ALERT
